Mr. A.G. Carter,
% Ambassador Hotel,
New York, N.Y.,

My Dear Carter:--

I assume that you have received our wire of last night explaining that we had gone over the top, as you expected. And in the face of our distressed condition here I believe that our whole city is to be commended for the successful conclusion of this wonderful project.

By a unanimous vote of the whole assembly, you were chosen chairman of the building committee and I wish to speak for the board of directors of the Y.M.C.A., our sincere and heart felt thanks for your earnest effort in starting off this campaign, in fact, I am quite sure that it was only through your special effort that our citizenship would have considered a campaign at this time.

The whole town is now certainly sold on Y.M.C.A. and certainly they seem to believe that Mr. Moge, has been a wonderful inspiration to the whole city and I am only sorry that you cannot be with us for Monday's luncheon as a large group is giving a special dinner in honor of Mr. Moge.

Again expressing my gratitude for all that you have done, with kindest regards, I beg to remain,

Yours very truly,

W. T. Ladd
