Dear Mr. Carter:-

Mr. Seested has referred to me your letter of March 8th with enclosure of the munificent sum of 65 cents for services as correspondent at Fort Worth.

I really cannot understand how the telegram happened to go to you for we have a regular correspondent at Fort Worth, who happens to be associated with your opposition. You were good enough to answer the telegram and in the regular course of events the credit for you was given you on our records and the auditor sent you the stamps.

Just to give you a record of the transaction, we are enclosing a check

THE KANSAS CITY STAR.

for this munificent sum, which we hope you will cash rather than retain for your scrap book. It will at least buy you one good cigar.

Yours very truly,

R. E. Stout
Managing Editor.
