

MANY THANKS to all members of the faculty for prompt return on the mid-semester grades. This expression of cooperation enabled the Registrar's Office to mail the reports to our patrons on Wednesday November 26.

SOME TEACHERS do not understand the plan of making up "I" grades. It is not necessary for the make-up work on an "I" grade at mid-semester to be reported to the Registrar's Office for the mid-semester grade is merely an indication of the student's status at that time, and is not the grade that counts primarily toward credit. At the close of the semester the situation is different, of course, and an "I" grade cannot be removed until it is removed officially.
