

WE ENTER 1942 IN THE SPIRIT OF CONFIDENCE AND GOODWILL. After the period of relaxation during the holiday season the work of the New Year is begun with fervor and new vigor.

FINAL EXAMINATIONS for the fall semester will be given January 26-31. The detailed schedule will be printed in the Faculty Bulletin next week. Any time preference must be turned in by Saturday noon, the 10th to be given consideration in the schedule.

A CARD HAS BEEN SENT to all Juniors, Seniors and Graduate students requesting them to report to the Registrar's Office during the week of January 5-10 in the event they are changing their course from the way it was signed up at the opening of school in the fall. This request will speed up the spring registration. Freshmen and Sophomores are being requested through the Chapel Bulletin to report during the week of January 12-17 for the same purpose. If these students comply with the request the regular days for registration, paralleling the final examinations, will be used for last minute adjustments. Please give your emphasis to this plan in announcement to your classes. Thanks

NEW FRESHMEN entering T.C.U. for the first time this spring may take English 11a, Math 12a, Social Science 13, Biology 12a, Economics 115, Home Economics 111, 114, Math 13a, Philosophy 119, Physical Education 11b, Music (private lessons).

DEPARTMENT HEADS ARE URGED TO prepare copy of the CATALOG of 1942-43 within the next three weeks that we may be able to iron out all problems and push copy through to publication on time.

YOUR ADMIT TO CLASS CARDS for the spring semester should be handed to you by the students February 2 and 3, for the MWF and TTS classes respectively. Students who fail to present their cards on these two days must be sent to the Business Office immediately these first class days. If you will do this it will accommodate the Business Office and will facilitate the preparation of your own class rolls. Remember, NO STUDENT is to be admitted to class after these two days, February 2, and 3, without credentials.

COUNSELORS OF FRESHMEN AND SOPHOMORES will be interested in a new book - "The Road Ahead", by Howard-Terman- just received in the Library. This book has been written as a college orientation and guidance book. It gives promise of worthiness as a class text for that purpose. My reason in calling attention to it now is that Counselors will find it very helpful in guidance work. It is scholarly, covers a wide range of topics and gets to the spot in a hurry. You will be profited by reading it.

SPECIAL NOTICE CONCERNING MIMEOGRAPHING:

It is greatly to be desired that the bulk of mimeographing through the office be reduced. The cost of paper is rapidly rising. Observation of the jobs done indicate that some of it could be condensed without serious loss.

Let each one who plans such work be thoughtfully economical.

This is not to diminish the efficiency of examinations or syllabi.
