REMOVAL OF "I" GRADES

It is not necessary at mid-semester for removal of "I" grades to be handled through the Registrar's Office, unless the student has missed the mid-semester examination; then he should pay the fee and present the permit to the teacher for clearance. Of course, at the end of the semester, the situation is different, and each "I" grade which is the final grade on the course must be removed within thirty days if the student is to receive credit on the course.
