

## FACULTY BULLETIN

VOL. XV

January 6, 1944

No. 26

Holders of B and C gasoline cards which were issued through Transportation Committee will please furnish Mr. gherer or Mr. Winton with the date of issue and the expiration date. Also if you carry passengers please give the average number carried per week.

The Committee will oppose most vigorously the reduction of any staff members mileage. The percentage who hold supplementary mileage is small and the average mileage is quite modest.

The exact date of the visit of the ODT representative is not known, but a report will be made through this Bulletin.

W. M. Winton  
C. R. Sherer  
H. R. Mundhenke

### IMPORTANT MATTERS JUST AHEAD

Dates and other information concerning Pre-Registration for the Spring trimester will be announced soon in the Faculty Bulletin. Copies of the class schedule will be prepared in plenty of time for registration.

A new Class Admission and Report Card will be printed for use beginning with the Spring Trimester. This card will serve to admit the student to class and will be used by the teacher in reporting grades to the Registrar's Office.

Watch the list of absences regularly for the sake of the students you are teaching. There has been much illness recently.

Beginning with the Spring Trimester the Navy V-12 men will receive Class Admission Cards the same as other students. Require these cards for class attendance.

Tentatively the list of candidates for graduation February 27, 3 P.M. shows sixty-two names for the B.A. and B.S. degrees. There will be a few Masters' candidates. The checking details are proceeding now.

V-12 Absences for Week Ending Friday 24, 1943
