

MODIFIED ABSENCE REPORT

The following procedure on reporting absences has been agreed upon by the Personnel Department with the approval of Dean Moore:

1. Only report after an accumulation of three absences from the beginning of the trimester with dates of absences given.
2. After a student has been reported once he is to be reported again for each additional three absences.
3. In case of doubt as to whether a student has been reported before, it will be much better to report twice instead of not at all.
4. Any pertinent information regarding the students' problems will be helpful.
5. Each teacher is urged to impress upon his classes the importance of regular attendance, warning that his status in the class is in danger after three absences.
