Dear Mr. Bertelheim:

Thank you for your letter accepting my offer on the meteorite. I am enclosing my check directly to you for the \$75<sup>00</sup>. I will instruct my friend to call for it, & your delivery of the meteorite to him will fulfill your obligation. It will be my responsibility after that. My friend, who will get the meteorite, is

Mr. Theo S. Maffett

510 N. Sycamore Palestine, Tex.

He is an architect of some years' standing & has only recently returned there, having been in the army. I am writing him today about the matter.

I am very glad to hear that the meteorite did not get too hot to damage it in the fire.

I really hope that your health holds up better than you anticipate, and should I be in Palestine soon I'll surely see you.

Sincerely,

Oscar E. Monnig
