Ft. Worth, Texas.

Dear Mr. Monnig:-

Your letter of the 29th awaited my return to Odessa after some absence from town.

I would like to be of some assistance to you in this matter, but fear that at the present time I cannot. Mr. DeChicchis gave me some of the small particles, but I in turn gave them away to various people whom I do not remember.

In the Spring when the winds begin to blow again it is very possible that additional pieces shall come to light, and when I visit the crater again shall have you in mind.

Sincerely yours,

M. E. Roberts.
