Mr. H. J. Norwood
Cuervo, New Mexico

Dear Mr. Norwood:

Thank you very much for your kindness in answering me about the meteorite concerning which I made inquiry.

This was the information I wanted. It settles the question and I am sure you found the meteorite that my party was telling me about. Since it is in good hands, there is nothing further to be done about it, and again I thank you for your kindness in answering me.

Yours sincerely,

Oscar E. Monnig
