Mr. Oscar F. Monnig  
Fort Worth, Texas

Dear Mr. Monnig:-

Your letter of August 31 arrived while I was away from home.

I have no fragments of Allende meteorite left that would fall within your price range so I am shipping you an individual which weighs 1817.8 grams. Since you purchased a fragment in July I hope you'll be happy with this individual specimen.

My invoice is enclosed. I trust your sister-in-law has recovered from her operation and is now enjoying good health.

Sincerely,

Harry E. Howard
