Mr Oscar Menning

I wish to thank you for your offer and letter. I believe Dr Leonard would like to have it that way and I feel I would be wrong not to let him have the refusal at that price, morally speaking.

At the present time I don't want to sell it for that price. Probably some time I will and whenever I do I will let you know what I do with it.

The letter from the National Museum I told you about was from Mr E. P. Henderson and it was dated May 10 - 1956. I didn't answer it because I didn't care to chip the meteorite's part with a slice for examination, not knowing when I would get it back.

Lets hope I'll come down and you will come up and we can trade some day.

Thank you very
