Mr Oscar E Monning

Dear Mr Monning, glad
to hear from you again
I just now looked at the Meteorite
slices first time they have been
unwrapped in a year or more
they look to me the same as
when you were here.

I want to thank you for your interest
and offer, I cannot sell it at this
time at that price but, some day I may
because I will sell it for 500⁰⁰ and a
year ago I didn't think I would even sell.
Of course I want to keep the first
slice as I have explained before.
and you do with it as you wish.

Glad to hear from you any time
Laurent had a letter from DeLeonard in
some time

Truly yours
Jan Long
