

Box 52
Brandon, Tex.
Sept. 21, 1945

Mr. Manning, I had a
good view of the
meteor that passed
over Brandon the
17th of this month.

It was traveling
north-west and
was the prettiest
sight I have ever
seen. I did not
note the time,
but would think
it was around
7:30 P.M.

Yours truly,

L. S. Greenhill
