Sept. 21, 1945-

Mr. Oscar Morning
1010 Morningside Dr.
S Ft. Worth Tex

Having seen in Star Telegram of Sept 20
an inquiry of a meteor seen on last Monday
by Anna Beth Webb, eleven year old
daughter of Pat Webb (one of my neighbors)
in yard late in afternoon somewhere
between 7:30 and 8 o'clock, and saw a ball
of fire with a trail of smoke or something
similar going a n.w. direction seemingly
going to the ground, and my husband
Jake Ramsey, was doing his chores and
heard a terrific explosion, as a loud
clap of thunder, but not a cloud to be
seen, so we wondered if it could have
been the meteor, we live 10 miles n.w.
of Honey Grove Tex in Allens Chapel
Community, and are about 40 miles
S.E. of Durant Okla, hope this will be
of some help to you.

Mrs. Jake Ramsey
Windom Tex R 2.
