Mr. Oscar E. Monnig
29 Chelsea Drive
Fort Worth 15, Texas

Dear Oscar:

We are very much interested in your letter of September 25th. We would surely like to have the picture and your story, and we especially hope it can be made exclusively for SKY AND TELESCOPE. We are paying a moderate honorarium now for contributions of this kind, though we certainly would not pay as much for the picture as a national popular magazine might. I doubt very much, however, that in this case there would be a ^{lot} lack of money available. We will pay \$10.00 for that photograph, provided we have your story to go along with it.

We are now going to press on our November issue, so we would schedule this for December and would need everything from you in the next two or three weeks.

Best personal regards.

Sincerely yours,
Charlie
