Dear Mr. Morring: about 10:10 Pm
Sat. night the back yard lit up
like daytime, a great bright
You could see everything clearly.
looked out so windows and
looked up. It was going straight
north right over my head.
It did not seem very far up
and was a beautiful color.
It looked like a banner
floating over with sequins
on it. I just saw tail end of
it. think it 10 or 15 ft. and
it seemed about 3 or 4 ft.
wide. By the time I got to
front door there was a
glow in the north and I saw
what looked like a falling
star not very far from here.
Hope this helps you -
