Mr. Oscar E. Monnig
Fort Worth, Texas

Dear Mr. Monnig:

I have a brief note which you published in Meteoritics, vol. 2, May 1963, about the Bells meteorite. I wonder if you could not tell me from what direction the meteorite came and what hour of the day it fell. These two points are a matter of great interest to me. According to your note, apparently a considerable amount of effort was made in collecting these stones and I would be glad to know more about the questions I am raising.

Any information you could give me would be greatly appreciated.

Sincerely yours,

A handwritten signature in blue ink that reads "H.C. Urey" with a stylized flourish at the end.

Harold C. Urey
