Mr. Oscar E. Monnig
29 Chelsea Drive
Fort Worth, Texas 76115

Dear Mr. Monnig:

Thank you for your letter of February 28, 1965. It was nice to see you again at the meeting in Tempe.

We will be glad to refinish and re-etch your pallasite specimen. If I interpret your description correctly, the job will probably run about \$8.00 to \$10.00, depending upon the time and materials expended. I could give a better estimate after seeing it.

If this sounds reasonable, send it, together with instructions on whether or not the pallasite portion is to be etched or just the sideritic portion, and we can refinish it when the humidity is low. If you send it by other than parcel post, send it to 7891 Osceola St., Westminster, Colorado.

Sincerely,

Glenn I Huss
