

12-3-47

Dear Mr Monnig; A letter from Mr Kimberly this morning says it will be OK to let you have the two of the meteorites. Send check for \$285.00 for his half interest. Do not want balance until sometime next year, not on this years business.

Did you ever think of some plan of displaying the meteorites in your store and charge them off for advertizing?

Send shipping instructions. Can ship MOP, AT&Santa Fe, CRIP or Santa Fe Trailways truck. Dont believe necessary to crate just band with wire and tag. would like to keep small one for couple months.

Was planning on being out couple days, up early this morn and found it raining.

Picked up a run of old Popular Astronomy(1932) have a long letter to write you about one lost stone. Want to send a expedition out in the spring.

Hope Leonard condenses your article about me if printed.

Rather wild tale for scientific magazine like Popular Ast.

The correct weight should 740 lbs

More later, in hast today.

Stockwell
