REGISTRATION

Yes, registration, rain, rooms the new set of three "Rs" has claimed our attention for the past three days and will probably keep us busy for at least three more.

Through the fine cooperation of everyone we were able to complete the regular registration with reasonable success.

Classes are beginning today, that is the TTS group. Tomorrow the MWF classes will begin. Students will be paying their respects to the Business Office during the next few days.

You have doubtless received your class rolls or will receive them today. This is quick work on the part of our IBM staff.

Retain the IBM class cards in your offices until we call for them as you will need them for late students. These late registrants will present to you a "Late Registrant Card" for each class.

No Adds, Drops, or changes until next Monday, then for that week only (February 9-14).

S. W. Hutton, Registrar

I wish to take this opportunity to express my personal appreciation to everyone who helped at the registration in the library for the splendid cooperation that was shown.
