ATTENTION FACULTY

Pursuant to recent action of the Deans' Council, including approval of President Sadler, the following plan of making grade reports at the end of the current term is in effect: (1) Grade reports are to be made in duplicate on the forms furnished by the statistician's office. Both copies are to be in the hands of the heads of departments by 9 a.m. on Monday, July 19. (2) The heads of the departments are to check the grade report sheets to see that they are all in, that they are in good order. (3) The heads of departments are to retain in their offices one of the two copies, and submit the other to their respective deans by noon on Monday, July 19. (4) The deans are to check to see that all reports are in from all departments of their schools, and submit them to the Registrar's office by 4:30.

REGARDING CLASSES ON SATURDAY

The reason for having classes Saturday this week is to fulfill the minimum number of days on which classes must be held in six weeks in order to satisfy approval of accrediting agencies. The same reason applies to class meetings on the last Saturday of the second term as well.
