

1967, Sept. 21.

Mr. John Whiteley,
Route 2,
Tishomingo, Oklahoma.

Dear Mr. Whiteley:

I have not lost interest in the meteorites found on your farm. I still want them.

I hope to come up there very soon, as soon as the weather settles.

I feel sure I can make a satisfactory arrangement with the Orr's about whatever part you wish Glen to have.

Again I urge you to let me buy these from you and proceed with full scientific investigation or at least place them here in our Children's Museum, where hundreds of people will see them.

Yours sincerely,
