Tishomingo, Oklahoma 73460

Dear Louis:

I am glad to send you one of our regular meteorite circulars, but I have no other free information.

Another one of Rick's friends wrote me the other day. As I suggested to him, see if your library has any books or information on meteorites.

Two of the best books are "Our Stone Pelted Planet" and "Out of the Sky" by H. H. Nininger.

Yours sincerely,
