Mr. Hassell N. Ledbetter,  
Cryogenics Division, Institute for Basic Standards  
U. S. Dept of Commerce,  
National Bureau of Standards,  
Boulder, Co. 80302

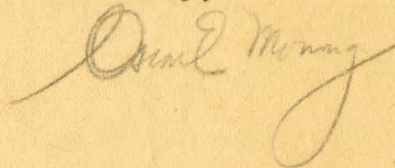

Dear Sir:

Thanks for your letter of Sep. 18. The Tishomingo specimen arrived in perfect condition, well packed; thanks.

I infer from your comments that you made a deal with the original finder for some of this material. I have not had time to go see him again as I had planned, due to a rash of business and a long vacation.

I will be pleased to get copies of any of your published reports but it will be a struggle to understand them in this day of such rapidly advancing knowledge and increased technicalities!!!

Sincerely,

A handwritten signature in cursive script, appearing to read "David Munn", written in dark ink.
