Dear Glen:

I enclose the shipping labels Ledbetter setn.
He is really anxious!

You do what you please, but my suggestion would be to let him have just the small amounts he first wanted, at a good price. You may want to come down some from my \$10 a gram suggestion, but I think I would ask him to weigh whatever piece you submit and pay you some kind of price for the difference used up in cutting or retained by him.

I don't really see why he needs the big slice. He hasn't mentioned any particular experiment he wants to do with it. I think he just wants to get hold of it and maybe trade it to others for valuable samples.

Best wishes, and I'll be in touch with you when I return.

Sincerely,
