PRELIMINARY CLASS ROLL

The preliminary rolls for summer classes will be sent to the teachers early next week. When these are in hand, be sure to check them promptly and return them to the IBM office with any notations regarding errors. Each teacher should check the roll to make sure that no student is being retained in class without authority or without clear cut evidence that the student is registered properly for that course.

REGISTRATION FOR THE SECOND TERM OF THE SUMMER SCHOOL

There will be no preliminary or pre-registration period relating to the second term of the summer school. However, there should be pre-counseling with students. Registration will be confined to Monday, July 18. Instructions regarding the registration will be available in due time.

THE LIST OF AUGUST CANDIDATES

A tentative list of candidates for graduation August 28 has been received from the various department heads and deans and is now being processed for details. The tentative list will appear in the SKIFF of next week. Please understand this is a tentative list, and the fact that a student's name appears on the list does not guarantee graduation. Kindly check the list in the SKIFF when it appears next week and send to the Registrar any corrections, either adding a name or withdrawing a name, as the information comes to your attention. We will appreciate your help in this important matter.
