

Dear Mr. Morrig:

I hope this letter will find you well:

I am thinking about you all quite often

Will I have found some things again, so I will have to call on you again.

I am sending you a little piece of a rock which I think it could be a meteorite. it is about 1 $\frac{3}{4}$ to 3 lb. and big as a coffee cup:

My grandson is nine years old and and he don't know where he pick it up

But we think he pick it up in a small place call Hillitt about ten miles from me. and be for I would go and look. I like to know if it is really a meteorite.

I guess I will ~~never~~ will quit looking for rocks.

How is Mr Brown
Tell him hello

Yours sincerely,
Ed Wunderlich
