

1954, May 12.

Mrs. Lonnie Miller,
Route 2,
Deport, Texas.

Dear Mrs. Miller:

I received the irons from you; the large one is a meteorite but I think the two small ones are slag. I have not had time to check them closely, but I will offer you the enclosed \$10 for the group, which I trust will be satisfactory.

Thanks for your continued interest. I am sorry I was a little slow about answering you.

Sincerely yours,
