FORT WORTH, TEXAS

OSCAR E. MONNIG

1938, July 6.

Mr. L. H. Collier,
Hobart, Okla.

Dear Mr. Collier:

I understand you have an iron meteorite, and as you will see from the enclosed circular, we are interested in collecting these objects.

If my information is right, I believe we could get together on a purchase of the meteorite you have, and I would like to hear from you.

One member of our group, Mr. Robert Brown, is in Chickasha just at present, and if I can get a reply from you promptly, perhaps he could come over to talk to you before he returns to Ft. Worth.

Thanking you for your co-operation, I am

Yours sincerely,

Oscar E. Monnig.
