

BULLETIN

Issued by the Division of University Relations

Vol. 64, No. 3, Sept. 1, 1987

BENTSEN WILL BE CONVOCATION SPEAKER

U.S. Senator Lloyd Bentsen of Texas will be the speaker Sept. 8 for the fall convocation, which will begin at 11 a.m. in Ed Landreth Auditorium. For the public event that traditionally marks the opening of the academic year, classes will be dismissed at 10:30 a.m.

A highlight of the formal assembly will be the announcement of the third recipient of the Chancellor's Award for Distinguished Research and Creative Activity. Endowed by an alumni couple who wish to remain anonymous, the honor includes a \$12,000 check in recognition of outstanding ability and accomplishment as well as to cover a variety of expenses the awardee feels will enhance most his/her contributions as a scholar.

The first research award was presented in 1983 to chemist William Watson, and historian Dave Edmunds was the 1985 recipient. The Chancellor's Award for Distinguished Teaching is bestowed in alternate years.

To provide the processional, the TCU Wind Ensemble directed by Bob Blanton and the Concert Chorale directed by Ron Shirey will present "Today" and "Battle Hymn of the Republic." Welcoming remarks will be given by Vice Chancellor Bill Koehler, and the speaker will be introduced by Chancellor Bill Tucker. Dr. A. M. Pennybacker, trustee and senior minister of University Christian Church, will give the invocation, and the benediction will be given by University minister John Butler. The recessional will be performed by the University Brass Choir led by conductor Steven Moser.

Bentsen, first elected to Congress in 1948, is chairman of the Senate Finance Committee. Describing it as "one of the most powerful committees in Congress," a newspaper feature recently noted that this position gives "him control over issues that affect the pocketbooks of virtually every American." He also is at the center of "the politically charged debate over world trade," and his role is a key one in Congress' effort to secure some \$19 billion in new taxes to reduce the federal deficit, the story added.

(continued)

BENTSEN (continued)

The Texas Democrat also is a member of the Senate Commerce, Science and Transportation Committee, the Senate Intelligence Committee and the Joint Economic Committee. He is vice chairman of the Joint Committee on Taxation.

The University of Texas alumnus, elected to his third six-year Senate term in 1982, enlisted in the Army after earning his law degree in 1942 at UT Law School. As a bomber pilot, he rose to the rank of major and was a B-24 squadron commander in Europe. He was awarded the Distinguished Flying Cross and the Air Medal with three oak leaf clusters.

Bentsen returned to his native Rio Grande Valley following World War II and was elected judge for Hidalgo County. After three successive terms in Congress, he declined to seek re-election and moved to Houston to enter business. In 1970 he re-entered the political arena, winning election as U.S. senator from Texas.

CLASSES ADDED TO EMPLOYEE FITNESS PROGRAM

In addition to low-impact aerobics, walking and aqua dynamics, the employee fitness program is offering two new classes this fall--Fit 'n' Firm, which emphasizes stretching and relaxation techniques along with weight training, and Fitness Activities for the Less Active Adult, designed to improve flexibility, coordination and muscle tone while teaching principles of exercise and conditioning.

Registration for the fall semester will be held today (Tuesday) through Friday in Room 229 of the Rickel Building. Membership is \$15 per semester or \$20 a year. Additional information is available by calling the recreational sports office at Ext. 7945.

A fitness fair including a free aerobic session and fitness assessments will be held Thursday from 4 to 7 p.m. in the Rickel Building. The aerobic session will be held at 4 p.m., and assessments will include blood pressure screening, body composition testing, flexibility measurement and cardio-respiratory testing. Tours of the Rickel Building also will be conducted.

Class schedules are as follows:

Low impact aerobics	MWF, 12:10-12:45 p.m.; 5:15-6 p.m.
Aqua dynamics	TR, 12:10-12:45 p.m.
Walking program	MWF, 12:10-12:45 p.m.
Fit 'n' Firm	TR, 12:10-12:45 p.m.
Fitness for less actives	MWF, 12:10-12:45 p.m.

The employee fitness program, sponsored by physical education and recreational sports departments, is open to faculty, staff and their spouses.

SMITH WILL HEAD TCU/TC CAMPAIGN

Dr. Don L. Smith, who is in private practice of obstetrics and gynecology, will head the TCU/Tarrant County campaign for 1987. His chairmanship for the 10th Annual Fund drive was announced by Dee J. Kelly, who heads the trustee development committee.

To open in late October, the campaign will include a task force of some 500 volunteers whose gift requests will focus on the need for financial aid for students, instructional assistance, research and graduate education, athletics and general University support in the county-wide effort. The 1987 Tarrant County goal is \$1,445,255, Dr. Smith announced. This is part of the University's overall budget-supporting total of \$3.3 million sought for TCU's Annual Fund.

"This is a large and challenging goal," Dr. Smith said. "I am confident it will be met--and even exceeded--because of the enthusiastic spirit of volunteers who willingly agreed to join in a major effort for TCU. Important, too, is the community's ongoing recognition and support of the University's many programs that contribute to the well-being of our community."

Dr. Smith, who holds the bachelor's degree from TCU and the medical degree from the University of Texas Medical School, headed the alumni division in the 1986 campaign. The former TCU athlete has served as vice president of both the 40,000-member alumni association and the Lettermen's Association. In 1977 he chaired the TCU Homecoming committee.

Group managers for the 1987 TCU/Tarrant County campaign, which will end Dec. 2, will be named later.

*** **

FOOTBALL SHOW BEGINS SEPT. 6

Sept. 6 is air date for the season's first TCU Football Show with Jim Wacker. The 30-minute program will air at 10:30 p.m. on KTVT-TV, Channel 11. The Frog TV show will be shown weekly, probably on Tuesday evenings, on Home Sports Entertainment on cable.

Again this year, KRLD-AM will serve as flagship station and will air this fall's entire 11-game schedule. Broadcast of the season opener with Boston College Saturday (Sept. 5) will begin at 12:30 p.m. Fort Worth time. The game with Air Force on Sept. 12 will be broadcast at 1 p.m. local time.

Current plans call for four of the season's last five games to be televised. These include Oct. 24 at Baylor, Nov. 7 at Texas Tech, Nov. 14 at Texas and the Nov. 21 home game with Texas A&M. Delayed TV broadcasts of the Arkansas game on Oct. 3 and the North Texas game on Oct. 17, both in Fort Worth, will be shown on those dates at 10:30 p.m. on HSE, according to Charlie Dierker of sports information.

OPEN HOUSE TO SHOW OFF NEW SYSTEM

The Facilities Planning Office of the Physical Plant Department invites interested faculty and staff to an open house demonstration to introduce the newly acquired Computer Aided Design system. Visitors will be introduced to architectural software applications and plotting from 10 to 11 a.m. and 2 to 3 p.m. Sept. 10 in Room 200 of the HVAC Control Center.

*** **

TWO TRIPS ON ALUMNI SCHEDULE

Two trips--a Kenya air safari and a South American air/sea cruise--are scheduled by the alumni association. For those who plan ahead, departure dates are Feb. 7 and Feb. 23, 1988, respectively. Reservations by Sept. 30 will include a \$200 credit per couple.

The 15-day "Wings over Kenya" will include visits to top-ranking game preserves such as Nairobi, Aberdare/Treetops, Mount Kenya Safari Club, Samburu, Masia-Mara and Amboseli. Luxury and adventure aplenty will be a part of the trip, which will leave from Dallas/Fort Worth Airport for the round-trip flight from New York via British Airways. The cost, including the flight from and return to D/FW, is \$3,657.

Cruising the coast of South America from Rio de Janeiro to Cape Horn and Buenos Aires is planned for Feb. 23-March 12. The 14-day cruise aboard Royal Viking Sea will take travelers to such ports as Brazil Santos, Sao Paulo, Brazil Montevideo, Uruguay, Punta Arenas and Chile as well as the cruise through the Strait of Magellan, Tierra del Fuego and around Cape Horn. Costs vary with ship accommodations.

Additional details are available from the alumni office, Ext. 7803.

'LILI' SHOWN AT INTERNATIONAL CONFERENCE

A program on the late Mme. Lili Kraus, TCU artist-in-residence, including a showing of the TCU film "Lili," was presented at the recent International Conference of European Piano Teachers in London. Frans Schreuder of the Netherlands, a friend of Lili, gave the program, entitled "Lili Kraus Remembered," opening with Mme. Kraus' recording of a Schubert Fantasie and following the film with a tape of Mme. Kraus' spoken introduction to Bartok's Hungarian Peasant Songs at a London recital in 1972.

W-4 FILING DEADLINE IS OCT. 1

Any University employee who has not filed a 1987 W-4 form in the Controller's Office must do so prior to Oct. 1 or be subject to federal penalties, controller Larry Calloway said. Anyone may confirm the status of his/her W-4 by calling payroll superintendent Pat Henry at Ext. 5117.

NEW PROGRAM HONORS FORMER TANDY EXECUTIVE

New scholarships for graduate students in business will honor the late Charles W. Tindall, an officer of Tandy Corporation since 1966 and senior vice president from 1979 until his death in April. The Charles W. Tindall/Tandy Corporation Graduate Scholarships in Business have been established by a \$140,000 endowment fund, inaugurated by a \$50,000 gift from J. Scott Tindall in memory of his father.

The Tandy Corporation has joined in the effort to create the permanent fund as "a living memorial to a business leader and good friend to whom we all are indebted," according to John V. Roach II, chief executive officer of Tandy Corporation.

The new program for the Neeley School of Business was announced by Roach at an Aug. 27 reception. Hosted by the directors of Tandy Corporation and the partners of Price Waterhouse, Fort Worth, the event was held in the Tandy Corporation offices in One Tandy Tower.

Recognizing Tindall's "pivotal role in the development of Tandy Corporation," the new scholarship program will provide one or more scholarships yearly for studies leading to the M.B.A. Preference will be given to descendants of Tandy Corporation employees for the awards, which will cover half the annual cost of tuition. Recipients will be known as Tindall/Tandy Corporation Fellows. Based on academic progress, the scholarships will be renewable for a second year with the approval of the M.B.A. program director and the dean of graduate studies and research.

Charles Tindall joined Tandy Corporation in 1966 as vice president and treasurer. He retained the position of treasurer when named senior vice president. He previously had been with Price Waterhouse in charge of its Dallas tax office. A graduate of Northeast Missouri State University and the University of Missouri, he was active in Downtown Fort Worth Inc. A member of the American Institute of CPAs, he served as a director for a number of Fort Worth businesses, including Pier 1 Imports Inc., Texas Commerce Bank/Fort Worth and the Fort Worth Osteopathic Medical Center.

"Whether it was in business or serving an arts organization, Charles Tindall gave unstinting devotion to the enterprise in which he was engaged," Roach said. "We want to honor him in a way that would have pleased him, and we'd like to do it in a way that lends at least the possibility of our being able to communicate his sense of life to future generations of business leaders."

CERAMICS WORKSHOP IS TOMORROW

Jane Kelsey-Mapel, Denton artist whose terra cotta sculpture is being shown in Brown-Lupton Gallery, will offer a ceramics workshop from 9 to 11:30 a.m. and 2-5 p.m. tomorrow (Wednesday) in Moudy Building Room 133 North.

At noon tomorrow she will present a slide/lecture in Brown-Lupton Gallery, and audience members are welcome to bring a sack lunch. Kelsey-Mapel's terra cotta figures will be on display through Sept. 9.

SPRING SUCCESSES PUT TCU ON LIST

The successes of Horned Frog athletes during the spring semester resulted in the program being listed 29th best in the nation in the annual rankings released by Tennessee's Knoxville Journal. Thanks to one of the best spring seasons in the University's sports history, TCU is one of only five private schools to make the top 30 listing, and its enrollment total is far smaller than any other school ranked in the poll, according to sports information director Glen Stone.

Retired coach Jim Killingsworth's basketball team dominated newspaper headlines and its Southwest Conference opponents during the early spring. The Frogs won their second consecutive SWC title and advanced to the second round of the NCAA Championships, winding up just two points shy of the Final 16.

Jim was named SWC "Coach of the Year," while senior guard Carven Holcombe was the conference "Player of the Year." Ranked as high as 12th by UPI, the Frogs finished 24-7 on the year.

Track and field performances also were outstanding as the Horned Frogs finished third in the nation at the 1987 NCAA Outdoor Championships. They earned gold medals in the men's 100-meter dash and 4x100-meter relay. Sophomore speedster Raymond Stewart established himself as one of the world's premier sprinters as he won the 100 and anchored TCU's winning entry in the sprint relay.

TCU's win in the relay was a successful defense of its 1986 NCAA title and was the Frogs' 20th consecutive victory in the event over the last two years. Roscoe Tatum, Andrew Smith, Greg Sholars and Raymond combined on the title-winning relay, with Tony Allen and Byron Morrow also subbing during the year. Rebecca Allison finished fourth in the women's 1,500-meter run at the NCAA meet.

The baseball squad saw team member Lew Williams equal an NCAA Division I record when he reached base safely in 17 consecutive plate appearances against Rice and Oklahoma State. Breast stroke specialist Todd ZumMallen qualified for the NCAA Championships in both the 100- and 200-meter events.

Ranked as high as 12th, the men's tennis team advanced to the NCAA Championships as did individuals Neil Broad and Tom Mercer. Neil earned all-America honors by advancing to the Final Round of 16.

Renee Simpson and Teresa Dobson qualified for the NCAA Championships in women's tennis. Both advanced to the second round in singles.

In women's golf, senior Kris Tschetter earned an individual ticket to the NCAA Championships, where she wound up in ninth place.

SLEIGHT OF HAND ARTIST TO PERFORM

Houston magician Charles Greene will bring his award-winning sleight of hand illusions to campus Friday as part of Programming Council's new TGIF series of Friday entertainment.

The free noon performance in the Student Center lounge will feature Greene at his best--performing close-up work with cards and coins. The house magician at five Houston restaurants, Greene has won several awards from the International Brotherhood of Magicians. Tutored by Doug Henning early in his 16-year career, Greene has performed throughout the United States and abroad and was featured on the cover of Genii, the magic industry's leading trade journal, last year.

*** **

FOUNTAIN'S NEW PETALS IN PLACE

Frog Fountain, the often-photographed centerpiece of the quadrangle, is back in operation with its recently rebuilt lotus petals and supports. Installation was completed last week.

Executed by General Engineering Corporation of Fort Worth, the petals atop steel supports have water basins of fiber glass and copper coverings. The \$25,000 project was begun in early summer. Masonry work was done on the fountain's base last year, and the lighting changes from white to deep purple, according to physical plant director Bob Haubold.

A gift to the student body from Mr. and Mrs. H. Houghton Phillips Sr. of San Antonio, the fountain was built in the spring of 1969 at a cost of some \$65,000. It was the result of a suggestion made by Mrs. Phillips when she and her husband were guests on campus in late 1967. In keeping with her request, the location "where students can enjoy it most" was chosen. Phillips was an independent oil operator and member of San Antonio's Central Christian Church. He was a long-time friend of TCU whose generous gifts helped initiate the development program in the early 1950s. The couple's son, H.H. Phillips Jr., served on Brite Divinity School's board until 1986.

The structure was designed by J. Buck Winn Jr. of Wimberly, former University of Texas faculty member. The major portion was completed in his home studio and trucked to campus for placement and landscaping by the Joseph Pelich firm.

*** **

NEW LIBRARY HOURS SET

New library hours for the fall and spring semesters went into effect last week. Shortened by 12 hours from last year due to budget constraints, hours are as follows:

Monday-Thursday	7:45 a.m.-midnight
Friday	7:45 a.m.-5 p.m.
Saturday	10 a.m.-3 p.m.
Sunday	1 p.m.-10 p.m.

The hours were cut back at times of smallest library use on Fridays, Saturdays and Sundays, said Joe Cook, assistant University librarian.

NEW FACULTY/STAFF APPOINTMENTS

BILL DAVIE, part-time lecturer in radio-TV-film in the spring, has joined the faculty full time for 1987-88. A Ph.D. candidate at the University of Texas at Austin, he was news editor/reporter for KTWV-TV in Austin in 1985-86 after five years as news director/lecturer at A&M. He holds degrees from the University of Missouri and Austin College.

Formerly art director at Washington and Syracuse universities, LEWIS GLASER has been named assistant professor of art. The Michigan native, currently completing the M.F.A. degree at Syracuse and holder of the B.A. degree from Western Michigan University, currently is president of the University and College Designers Association.

Newly named development officer DAVID BOGGAN, former account representative with a Dallas public relations firm, directed information services at Texas Lutheran College in 1984-86 after two years as assistant director of public relations at the Seguin institution. The Texas A&M alumnus has served as news/sports editor with the Hill Country News and was news editor of the Post-Register in his hometown of Lockhart.

ROBERT MCCARTNEY, a lecturer in radio-TV-film for 1987-88, has been director of instructional TV services at the University of Texas at Arlington since 1983. The New York native is an alumnus of the University of Maryland and earned the M.A. degree at Indiana University. He is active in the National Federation of Local Cable Programmers. His study of "Cable TV in Higher Education in the United States" was published last year by UTA.

BILL POHL has accepted reappointment as chairman of the modern languages and literatures department for three years, effective with this semester's opening.

Alumna MALINDA BOON YOUNG, who earned the B.A. degree in 1979 in speech communication, has joined the development staff as an assistant director. A business development officer for Texas American Bank/Las Colinas for three years, she was assistant executive director of the Tarrant County Republican headquarters in 1983-84. She has been active in a number of civic organizations, including Shakespeare in the Park, the Van Cliburn Competition and Mayfest.

*** **

LIBRARY APPLICATIONS READY

Application forms for use of faculty research rooms in Mary Coats Burnett Library for the fall semester are available in the library's administrative office. Completed forms must be returned to the library by Sept. 25 in order to be considered by the University library committee at its first meeting of the academic year.

NOTES ON FOLKS

Ballet and modern dance chair STEPHANIE WOODS directed the eight-week summer session in dance for the National Music Camp at Interlochen, MI. More than 60 dance majors from throughout the United States took part in the session, and faculty members included KARA KLOPFENSTEIN (B.F.A. '85) and graduate student MYRTILLA MEYER (B.F.A. '84).

Stephanie choreographed the dance sequence for the opera "Hansel and Gretel" and created a classical ballet entitled "Kraftig Bewegt" to Mahler's Symphony No. 1, 2nd Movement. The ballet was performed by 14 dancers, accompanied by the World Youth Symphony Orchestra. Stephanie also performed in two modern dance works for the Faculty Dance Concert, and Myrtilla danced the Wedding Pas de Deux from "Coppelia" and an original duet, "Chiascuro" and "Deadstream."

SPENCER TUCKER (history) has been informed that his book manuscript, "Arming the Fleet: U.S. Navy Ordnance in the Muzzle-Loading Era," has been accepted for publication by the United States Naval Institute Press. It treats the development of all U.S. Navy ship armament through the Civil War.

The July issue of the Perkins Journal contains an article, "Luke's Use of Matthew: Griesbach Revisited," by BILL BAIRD (Brite).

Economists CHUCK BECKER and DICK WAITS have been notified that two of their papers, "Exchange Rate Variations and the Financial Position of Selected Multinational Pharmaceutical Firms Domiciled in North America" and "Appraising the Earnings of Selected New York City Banks," are to be published in the next issue of Current Economic and Financial Issues of the North American and Caribbean Countries.

Chuck's paper entitled "On Teaching the Demand/Supply Concept: A New Approach" also has been published in the Southwestern Journal of Economic Abstracts, 87th edition.

Two papers by Dick and ED McNERTNEY (economics) have been published recently. "Valuing the Cultural Legacy" appears in Artists and Cultural Consumers, published by the Association for Cultural Economics, while "The Role of Computer Software in the Teaching of Economics" is in the spring issue of The American Economist.

A paper by MIKE BUTLER (economics) entitled "Review: The Changing Structure of the American Economy" is in the 87th edition of the Southwestern Journal of Economic Abstracts.

"Public Sector Marketing Is Different" is the title of an article by CHUCK LAMB (marketing) that appeared in the July/August issue of Business Horizons.

KEN MORGAN (geology) has been selected as "Distinguished Lecturer" by the Society of Petroleum Engineers for 1988-1989. He also has been asked by Kodak Inc. to conduct a workshop on "Applications of Remote Sensing" in October.

MORE NOTES ON FOLKS

LEE DANIEL (modern languages) spent 10 days in Mexico during the summer visiting Guadalajara, Puerto Vallarta, Mexico City, Cuernavaca, Merida, Chiche Itza and Cancun. He was in Mexico to conduct a series of interviews and to research the "Don Juan Theme" in the Mexican theatre.

BRUCE STACY (military science) attended an Aug. 1-14 terrorism counteraction course at the Army's military intelligence school at Fort Huachuca. He was one of only two officers to score a perfect 100 percent on all examinations and practical exercises during the program.

DON JACKSON of political science presented a paper entitled "Comparative Perspectives on Equality" at a meeting of the Research Committee on Comparative Judicial Research of the International Political Science Association at Erasmus University in Rotterdam Aug. 10-12.

Last April BOB NEILSON (chemistry) attended the International Symposium on Inorganic and Organometallic Polymers in Denver with research associate JOE SHORE and graduate students YVETTE SHAW and GARY SCHEIDE. Bob's lecture on poly(alkyl/arylphosphazenes) was one of the main invited presentations. Yvette, the only graduate student to speak during the five-day symposium, presented the paper "Precursors to Boron-Nitrogen Polymers." Both papers will be published in ACS Symposium Series.

Bob and his wife, Patty Wisian-Neilson of SMU, have written a survey of 10 years' joint work on a new class of polymers to appear in Chemical Reviews. Other recent papers from the Neilson group include "Synthesis and Characterization of Poly(alkyl/arylphosphazenes)" in Macromolecules; "Transylation Reactions of Phosphazene Precursors" in Inorganic Chemistry; "Synthesis of C-Silylated Phosphoranimines" in Organometallics; and "Reactions of a Phosphoranimine Anion with Some Organic Electrophiles" in Phosphorus and Sulfur.

Funeral services were held Aug. 27 at University Christian Church for Irma Alford Sowell, widow of Dr. ELLIS M. SOWELL, who was School of Business dean in 1944-56. A resident of Kalispell, MN, since 1984, she died Aug. 23. Mrs. Sowell, an alumna of Stephen F. Austin University, taught school in Fairfax County, VA, from 1957 to 1970. An honorary member of the University Place Book Club and charter member of Fort Worth Women of Rotary, she is survived by a son, Dr. Ellis M. Sowell of Kalispell, two brothers and two grandchildren. Memorials may be made to the Ellis M. Sowell Fund for the business school.

"Ferriheme Models of Peroxidase Enzyme Intermediates" was the title of a paper presented by JIM KELLY (chemistry and Honors Program) at the 11th International Conference on Fast Reactions in Solution held in July at Mount Allison University in New Brunswick, Canada. The paper was co-authored by former graduate student and post-doctoral student RICK RODRIGUEZ who begins a research appointment at The National Cancer Institute in Frederick, MD, this month.

MORE NOTES ON FOLKS

Physicist BILL GRAHAM attended the Gordeon Research Conference on Spectroscopy of Matrix Isolated Species held Aug. 9-14 at Plymouth, NH. During the international meeting he presented a paper on research involving the Fourier transform spectroscopy of hydrocarbon radicals carried out with former postdoctoral fellow RICHARD SHEPHERD, now at General Dynamics, and graduate student TIM DOYLE.

BRENDA SHULL (adjunct, English) was selected to be a facilitator at the Center for Creativity, Innovation and Leadership in Tampa at the University of South Florida. Thirty gifted students chosen from Florida were under her direction July 9-24.

BILL SMITH (chemistry) has returned from attending two technical meetings in England. The 10th Conference on NMR Spectroscopy was held at the University of Kent and included a meeting of the editorial board of the journal Magnetic Resonance in Chemistry, of which he is a member. The second meeting on organic synthesis was held in Cambridge.

Geologist ART EHLMANN and co-author Klaus Keil, chairman of the University of New Mexico's geology department, published a paper entitled "Classification of a Second Group of Ordinary Chondrites from Texas" in Meteoritics, the journal of the Meteoritical Society. This paper is a continuation of studies on the Monnig Meteorite Collection housed in TCU's geology department.

Aug. 13-16 DONALD FRISCHMANN and ARTURO FLORES (modern languages) attended the national meeting of the American Association of the Teachers of Spanish and Portuguese in Los Angeles. Don chaired a session on 20th Century Hispanic Social Theatre and presented a paper on "Mexican Review Theatre: Past and Present," based on research findings from his recent work in Mexico, which is supported by the TCU Research Fund. Arturo presented a paper entitled "The Revolutionary Theatre of Ricardo Flores Magon."

Don's article/interview with award-winning Mexican dramatist Felipe Santander appeared in the Spring 1987 issue of Latin American Theatre Review, published by the University of Kansas Center for Latin American Studies. Recently appointed to the board of directors of the Association of Latin American New Theatre Workers and Researchers, based in New York City, Don was at Princeton in June to collaborate in the planning of the Association's research projects for 1987-88. During the summer he conducted field research in Mexico City and Southern Mexico to document and analyze forms of popular theatre. While in Yucatan he met with artists and intellectuals who will participate in TCU Yucatan/Mayan Culture Week March 28 to April 1, 1988.

CATHY COLLINS (curriculum and instruction) delivered the keynote address to the Springtown Cooperative Teacher Training Center Aug. 24.

MARK THISTLETHWAITE (art history) was recently elected to the board of directors of the Midwest Art History Society.

MORE NOTES ON FOLKS

On a TCU Research Fund grant ARTURO C. FLORES (modern languages) completed research at the Coleccion Tloque-Nahuaque at the University of California at Santa Barbara as part of a project entitled "Hispanic Theater of the Southwest: La Pastorela."

Arturo's article, "El Teatro Campesino (1965-1986): Algunas orientaciones toricas," was published in the Spring 1987 volume of Confluencia, Revista hispanica de cultura y literature, the journal of the Department of Hispanic Studies at the University of Northern Colorado. Another of his articles, "La existencia de una voluntad creadora en dos pastorelas" will appear in Mundo of Mexico City, a widely circulated international journal focusing on topics of philosophy, political science and literature.

JOHN LOUD (modern languages) participated by invitation Aug. 20 in the 10th annual conference of the American Literary Translators Association at the University of Texas at Dallas. In his talk John contrasted the translation of Yugoslav epic poetry based on formulas and fixed epithets with literary prose, such as that of Djilas. In the latter case the rich inventory of synonyms provided by the English language is at a premium.

A new collection of essays, entitled Philosophical Inquiry in Sport (Human Kinetics Publishers), includes reprinted articles by SPENCER WERTZ (philosophy) and HANS LENK (philosophy/Green Honors Professor). Spencer's paper is "Context and Intention in Sport and Art" and appears in the Sport and Aesthetics section. Professor Lenk's essay is "Toward a Social Philosophy of Achievement and Athletics" and appears in the Sport and Social Political Philosophy section.

CYNTHIA FOLIO (music) just returned from Brazil, where she participated in two contemporary music festivals with TCU graduate student/pianist Paulo Sergio Alvares. They played a concert in Salvador at the Universidade Federal da Bahia Aug. 17 and opened the series of contemporary music recitals--"Musica Hoje"--with a concert at the Museu de Arte in Belo Horizonte Aug. 22. Theme for the latter program was "A Criatividade da Musica Atonal," which included a discussion/analysis of the music. The concerts included music by Boulez, Ferneyhough, Berio, Santoro, Davidovsky, Folio, Nobre and an improvisation piece.

*** **

COACHES' COFFEES BEGIN WEDNESDAY

Tomorrow (Wednesday) is the date for the first "Coffee with the Coaches" event to be held during the fall semester. Open to faculty and staff members, the football coaches-hosted gathering provides opportunity to get better acquainted with the coaching staff. Donuts and coffee will be served in the coliseum from 7:30 to 8:15 a.m.

CALENDAR OF EVENTS

- Sept. 2 --University Chapel, Robert Carr Chapel, noon.
--Coffee with Coaches, Daniel-Meyer Coliseum, 7:30 to 8:15 a.m.
- Sept. 4 --TCU Film Series, "Jumping Jack Flash," Student Center ballroom,
6 p.m., 9 p.m., midnight. \$1.50.
- Sept. 5 --Football, TCU vs. Boston College at Boston, broadcast over KRLD
Radio at 12:30 p.m.
--TCU Film Series, "Jumping Jack Flash," Student Center ballroom,
7 and 10 p.m. \$1.50.
- Sept. 7 --Labor Day. University offices closed.
- Sept. 8 --Annual fall convocation, featuring U.S. Sen. Lloyd Bentsen, Ed
Landreth Auditorium, 11 a.m. Classes will be dismissed for
convocation.

CLASSIFIED:

FOR SALE: Qume terminal, Model QVT 108, amber screen. \$200 or best offer. Call Cynthia, Ext. 6617 or 924-2862.

FOR SALE: '84 Plymouth Turismo, two-door hatchback, 4-speed, A/C, grey, 31,000 miles; excellent condition, \$4,000. Call Gail, Ext. 7486.

FOR RENT: Cozy three-room cottage at 2419 Refugio with knotty pine walls; mostly furnished, stove and refrigerator provided, yard well lighted; \$200 plus gas and electricity. Call 626-2272.
