May 12, 1924.

Dear Mr. Carter:

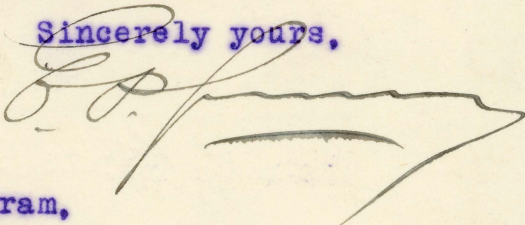

Many thanks for yours of the 9th.

I am glad my original letter reached you.

I am delighted to know that the Honey Ball season will be soon approaching and that I am going to be included amongst the invited guests.

Bear in mind that when you come this way, while there may be no Honey Balls in evidence, there is always a highball within reach, and that the best place that I know of to administer the dose is at the Links Club, where I hope you will have dinner with me.

With kind regards,

Sincerely yours,

Amon G. Carter, Esq.,
