My dear Carter:

My gracious, you are an energetic citizen, and
a credit and honor to the Lone Star State.

How you can find time to do all the wonderful
things you do, especially when you add to
them your personal remembrances and
courtesies to your host of friends, I don't
know.

I suppose it won't be long until we will put an
"Honorable" in front of your name and address
you at the United States Senate or the
Gubernatorial Mansion.

With best wishes and kind regards,

Very truly yours,

Frank Prestrey
