FOR YOUR INFORMATION

The August 28 Commencement will witness the largest summer commencement we have ever had. Tentatively the number of degrees to be conferred will read like this:

Bachelors	205
Masters	108
B.D.	<u>9</u>
Total	322

This figure also indicates the largest number of Masters degrees for any commencement to date.

It is now too late for additional names to be submitted for the summer commencement.

A REQUEST FOR YOUR COOPERATION

You have received the tentative class rolls for checking. If your class roll is not clear, please report to this office right away. Make sure you are not retaining in your classes a student who is not regularly enrolled for a given class. In keeping records it is essential that we be accurate. One inaccuracy can cause more trouble than ten accurately registered.

Remember to place on all drop cards a "WP" or "WF" in your own handwriting and in ink.

LOOKING TOWARD THE FALL SEMESTER

There will be no period of pre-counseling for that was provided for this past May. There will be no pre-registration for that does not prove profitable in the fall.

Here is an exact copy of the general schedule for the fall registration. (See 1950-51 catalogue.)

Dormitories Open	Sunday, Sept. 10
Freshman Testing and Orientation	Mon., Tues., Wed., Sept. 11-13
Registration of students above Freshman rank (Beginning with the Letter L)	Mon., Tues., Wed., Sept. 11-13
