VISITATION OF TWO GROUPS FROM MILITARY SERVICES

1. Air Force Representatives from Washington will be here some time between the 5th and 16th of February to investigate our facilities.
2. From the War Department in Washington on a formal visit here March 15th to take our next steps with regard to activating a unit here this fall.

SPRING REGISTRATION

Although the weather has slowed down the registration somewhat, it is remarkable the cooperative response both faculty and students have given. Figures will be available in due time.

DROPS, ADDS, CHANGES

Next Monday and Tuesday, Feb. 5,6, the usual avalanch of drops, adds, and changes will be on. Be sure to provide someone in each office to help process these as the students will certainly need your signatures. Prompt attention to these demands will help. This is not a rubber stamp process, but requires care. The final date for adds, drops, changes, and also new registrations will be Feb. 8.

HAT FOR EXCHANGE

Sometime Wednesday another member of the faculty unwittingly exchanged hats with Prof. J.G. Metcalf in the Library. His hat was covered with celophane. It bears the initials "JGM", a Dobbs hat, purchased in Little Rock. Phone extension 210 when the weather clears and you look under the celophane.
