

THE MAY 28 CANDIDATE LIST

The list of candidates completing degree requirements by May 28, our next Commencement, should be worked out at this time and forwarded to the Registrar not later than February 15. Each name should be accompanied by a Petition Sheet (except Graduate students). Be sure to bring the Petition Sheets up to date, check each one for all requirements including 30 semester hours of advanced work in residence. We will soon have a number of requests for this completed list so your promptness and accuracy will be appreciated.

The January 27 list of course is already in hand. No further work is needed on this list at this time.

THE CLASS ROLLS

Each teacher should have at hand at this time the temporary roll of each class made up at the time of registration. The Preliminary Class Rolls to be issued by the IBM Office will not be available just yet for we want to get out from under the avalanch of "Drops, Adds, and Changes" that the rolls may show the final fall registration.

If you have any doubt regarding a given student being officially enrolled in your class ask him to show you his little pink card revealing the enrollment. No student is to be retained in class who is not officially enrolled.

FALL SEMESTER GRADES

By the time this Faculty Bulletin reaches you, the Fall Semester grades will be in the mail. Thanks for your promptness. There were a few delays and a number of inaccuracies. These have now been "ironed out". Over 16,000 grades were run. You can therefore understand the necessity for accuracy and promptness.
