ATTENTION FACULTY

Faculty members who wish to apply for Fulbright Awards for University Lecturing and Advanced Research for 1952-53 in Australia, New Zealand, India, Pakistan, Philippines, Burma, or Thailand must submit their applications by April 15, 1951. Additional information may be obtained from Dr. Comer Clay, Ad. Bldg. 214.

APPLICATIONS FOR RESEARCH GRANTS

After a final accounting has been made of the Carnegie grants, the Research Committee now finds it has available approximately \$1,500.00 which can be allocated for suitable research projects. Anyone interested who can formulate his project and know specifically the amount he would need to withdraw by May 31, 1951, and who can have this project completed this summer, should discuss the matter with a member of the committee, whose names are listed below. On the basis of this discussion, you may wish to make such an application, forms for which may be obtained in the office of the chairman of the committee. The committee is of the opinion that there may be some who will not be teaching this summer who should be interested in applying for a grant for a summer project.

Although the money has to be withdrawn by May 31, it does not have to be spent by that time, provided a statement of the contemplated expenditures can be given and the project is well under way. If you are interested, please discuss this matter with a member of the committee at the earliest possible time.
