

CATALOGUES FROM HERE AND THERE

A sizeable number of catalogs are in the outer office of the Registrar's Office for use of faculty and students. Texas catalogs are on the north set of shelves and others are on the south. A few foreign catalogues are available.

These catalogs are regularly provided for your use and they are being used every day by someone. They are not to be taken from the office for when that is done they are soon lost and out of file when others need them. If you do not find in file the catalog you are needing, please request that it be ordered. In reasonable time we will have it.

PRELIMINARY CLASS ROLLS

"Believe it or not" the Preliminary Class Rolls should reach you today. Kindly follow the guiding letter attached to them. This is very important.

REGISTRATION INFORMATION

Thanks again to all who assisted in the "always with us" season of registration.

Remember the last day for adding a course will be September 21 and the final date for fall registration will be September 21, that's tomorrow.

October 13 is the last day for dropping a course without the notations "WP" or "WF".

"I" grades left over from the Second Summer Term must be cleared not later than October 9. Please advise your students accordingly.

THOSE PERENNIAL PETITION SHEETS

May we suggest that each faculty member charged with the responsibility of Petition Sheets keep them up to date constantly. This will facilitate counseling, lend accuracy, and provide satisfaction. When a student has reached his Junior year he should have a Petition Sheet made. He is to request this at the Registrar's Office. Please give him a hint. Before many weeks have passed the January completion list will be called for. We will not have a graduation at the end of the fall semester, but a number of students will complete their work at that time.

S. W. Hutton, Registrar
