

TO ALL MEMBERS OF THE FACULTY

I want you to know how deeply we appreciate the marvelous cooperation of the faculty in connection with the fall Convocation, on September 25. We were recognizing a very great man on that occasion. Your cooperation and support made the occasion quite significant.

Very cordially yours,

M. E. Sadler  
President

TEACHERS' CLASS BOOKS

The demand for Teachers' Class Books has been heavier than we had expected this fall. A large order has been placed for a new "Visionaid Class Record Book" which seemed to be favored when a survey was made last spring. When these are available the Faculty Bulletin will carry the word. This new book will carry 43 names on a page. It opens flat.

CANDIDATES FOR JANUARY

While there will be no mid-year graduation, quite a number of our Senior and Graduate students will complete degree requirements January 26, 1952. Will Deans and Department Heads responsible for keeping the petition sheets up to date kindly turn in a list of January candidates and a petition sheet on each not later than October 15? The June list will not be called for until February 15.

MAKING UP "I" GRADES

Before receiving work to clear "I" grades the teacher should require the student to present an "I Removal Permit" properly signed by the Registrar or Dean.

The final date for removal of "I" grades left over from the Summer will be October 9.

Registrar
