FACULTY MEETING

A General Faculty Meeting will be held Tuesday, April 29, at 4:00 p.m. in the Little Theatre. The discussion and question period will center around the problems and responsibilities which the faculty have in regard to student societies.

Comer Clay, Chairman
Faculty Program Committee

ATTENTION FACULTY

The Committee on Audio-Visual Education has the following types of equipment available for faculty use: 16 mm sound projector (Movie Mite), 16 mm sound projector (Victor), large reel, portable screens, portable table, opaque projector (8 x 10), opaque projector (4 x 6), 2 x 2 slide and film strip projector, "Visual Cast", "Illustrovox", optical pointer, wire recorder, record cutter and player. This equipment has been purchased by the University for instructional use and may be borrowed by any member of the faculty from the Committee. Because of the extensive use made of these various machines, it has seemed best to restrict their use to educational purposes only. In order to have a satisfactory guide for further purchases the committee is sending a questionnaire to each member of the faculty requesting information as to the approximate amount of use to which audio-visual aids have been put by him during the past year. Your cooperation in answering this will be appreciated.
