County Agent or Soil Conservation Service,
Colorado City, Texas.

Gentlemen:

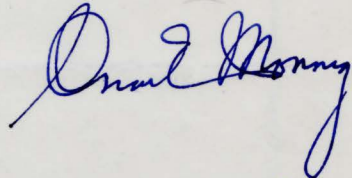

I would like to buy one of the government aerial photographs of a location in your county.

Can you supply me with the identifying number of the sheet I want and furnish the forms to be sent in requesting this print? I have not bought any for some years, but this used to be the procedure to be followed.

The area I would like to have is centered about one mile northeast of the point where State Highway 101 (from Colorado City to Sterling City) crosses Beal's Creek.

Your help will be greatly appreciated.

Yours sincerely,

*Attached please find Form C55-441,
"Order for Aerial Photographs."*

*The maps you will want to
purchase are CRI-2V-129; CRI-2V-31;
CRI-2V-177; and CRI-2V-179.*

*The address is on back except
for the street address which is 2505
