Miss Sara Scott,
4820 Beaumont Drive,
La Mesa, Calif.

Dear Miss Scott:

The agate slices are indeed all very nice, and I shall just accept your offer for the lot at \$25.33 for which a check is enclosed.

I assume the first shipment for the \$4.00 was correct, tho it seemed most liberal on that basis. Let me know if I am wrong in any way in my assumption that I am now fully paid up with you.

Tell your dad my brother was delighted to hear from him and cordially invites him to come in our retail store which Otto manages and see him the next time he is in Fort Worth.

I shall be writing your father again later this fall I am sure. In the meantime let me say I appreciate the detailed dexcription of the specimens and localities, as I always feel this means much on rock and mineral specimens.

Yours sincerely,
