

1965, Oct. 6.

Mr. H. V. Schulz,
2402 Sinclair St.,
Midland, Texas.

Dear Sir:

I plan to be in Odessa at the meeting of The Meteoritical Society Oct. 22-23, and will possibly come thru Midland on my way there on the 21st, two weeks from now.

I do not yet know my exact plans but may want to borrow your meteorite to take over there for exhibit, should you be willing. I would promise you to do nothing with it except show it and weigh it.

There is no need for any answer to this letter, and I will phone you before I come out there if I try to carry out this plan.

Yours sincerely,
