Mr. Tom Gaston,
206 Avenue Q
Clifton, Texas.

Dear Sir:

I talked to your father, Mr. Frazier Gaston, about two weeks ago last Saturday, about the rock that came thru your truck windshield, and there were strong indications it might be a meteorite.

Unfortunately I was not able to see it because he and Mrs. Gaston said it was in a desk they had already sent to Rosenberg, where I understand they are moving.

I was very pleased that he volunteered to send it to me for my inspection and have been anxiously awaiting its arrival. He thought he might send it to his brother here, or to me directly. Not having received it, I have been trying to call some one at your residence, OR 5-3727, but I can't seem to catch any one at home.

Therefore I write to ask you to do what you can to expedite having this rock sent to me. I would immediately advise your father whether it is a meteorite, and if so would then want to negotiate with him to buy it. You may trust me completely as I am well known here for years in connection with this hobby. In business I am at Monnig Dry Goods Co., wholesale branch, 1621 Main St. or P. O. Box 2200.

I tried to phone your father at Roseberg but they said they had no phone in his name there. Will you please give me his address on the enclosed card? Thanks for anything you can do for me.

Sincerely,
