

1963, Sep. 30

Mr. H. V. Schulzm
Llano Drilling Co.,
Midland, Texas.

Dear Sir:

Several years ago I was on friendly terms with Mr. Porter Rankin of ~~cyour~~ your city, and once I obtained an iron meteorite from another man with his help. I was very sorry to hear of Mr. Rankin's death.

He once told me he understodf you had a probable meteorite found by your father in a field in Central Texas, weighing perhaps 30 pounds. He said at the time he was see if you were willing to part with it, but I never heard from him about it any further.

Would you be willing to write me something about it and then perhaps I could see it some time when I am in Midland? Your kind consideration would be appreciated.

Sincerely,
