Dear Mr. Monnig:

Received your letter and bulletin. And thanks for same. I fully understand your point of view in regard to harmful publicity, and will omitt anything that would appear to be undesirable.

I had considered submitting the finished article to the Daily Oklahoman, Oklahoma City. There is no definite time that I will have to secure the details you mentioned. Only this; I would like to have them as soon as you can conveniently prepare them.

I had planned on using extracts from your bulletin with due credit given to source.

I appreciate your helpfulness, and hope to hear from you soon.

Yours sincerely,
Clarence J. Tontz

P.S. I thoroughly enjoyed the story on the Oklahoma Sunset Fireball. It was interestingly written.

Note my new address.
