

1936, Dec. 8

Dear Mr. Brown:

I am sending you a piece of this mineral substance and would like to get your analyses on it. I took this to a geologist and he said it did not contain anything that was in a meteorite and sent it also to mineral survey at Norman and have not heard from them yet.

If this is a meteorite and you wish to see it I will send it to you but I do

not wish to sell it if it is a
meteorite. It weighs about 2 or
3 lbs.

yours sincerely
Mr. A. H. Cutter
Lovell, Okla.
