

TEXAS CHRISTIAN UNIVERSITY
FORT WORTH, TEXAS

May 11, 1953

Dear Colleague:

On Wednesday, May 13, at 4:00 p.m. the final faculty meeting for the 1952-53 session will be held in Ed Landreth Auditorium.

Mr. Noel L. Keith, Assistant to the President has been asked to speak on the topic "The Climate for Texas Christian University's Advancement." The faculty was questioned by Mr. Keith earlier in the semester on "What do you consider the ten most important general problems at Texas Christian University?" On the basis of a large response to the question from the faculty a topic has been developed that should be of interest to each faculty member.

The faculty program committee urges you to attend this meeting. Again, the time is 4:00 p.m., Wednesday, May 13, and the place is Ed Landreth Auditorium.

Cordially yours,

Leslie P. Evans,
Chairman, Faculty
Program Committee
