PLEASE NOTE

There are two ways the faculty may help in improving telephone service on the campus.

1. Please do not leave the receiver off the hook.
2. If the faculty makes some arrangement with persons off the campus to locate them at a given telephone and should be called into a conference or otherwise leave the telephone, the operator should be notified so that it will not be necessary for her to buz a half dozen telephones before locating the person.

Our PBX operator, Miss Pauline Jones, is trying to give the best possible service. She can improve our telephone service if we will cooperate.
