### HOME COMING ACTIVITIES

If you know of any event that should be cleared for the schedule of the weekend of November 20-22, please send word to the ex-students office.

All announcements of Homecoming activities should be in the ex-students office, Room 111, Administration building or P. O. Box 276, TCU, by Monday, Oct. 26, so they may be put into the new edition of the Ex-Students Bulletin.

### NEW ORGAN

More new equipment was added to the Religion Center Friday. A semi-trailer truck delivered the parts for the new organ to be placed in Robert Carr Chapel.

The organ was custom built by the Reuter Organ Company of Lawrence, Kansas, specifically to meet the needs of the School of Religion. The wooden pipes and all woodwork throughout the organ is solid mahogany. All metal pipes are of an alloy of tin and lead. The console is finished in white to match the furniture in the chapel, with a mahogany top and trim. The inside facings of the console are of walnut.

The organ is composed of three divisions, Great Organ, Swell organ, and Pedal Organ, playable from a two-manual console. The instrument will be divided, half on each side of the Chancel, and both chambers will be under expression. The expression is achieved through the manipulation of 36 separate shutters which cover the entire tonal openings into the chancel. The draw-knob console will control 14 individual sets of pipes totaling nearly 100 pipes. Two expression pedals control the swell shutters; twelve thumb pistons control pre-arranged combinations of stops.

The organ will be erected within the next month, but the finish work on its voicing and tuning will not be done until all the furniture and appointments are installed in the Chapel. In that way, the organ will be voiced to fit perfectly into its new home. (We came by the above information from an expert -- Emmet Smith.)

A SELECTED LIST OF NEW BOOKS IN THE LIBRARY

PURELY PERSONAL:

Lt. Col. Luther O'Hern of Air Force is living with Lt. Col. Bill Murray, Army Transportation Corps, while awaiting his orders for overseas duty. That's real unity among the Armed Forces, eh?

Dr. Sadler rode the special train to Arkansas with the grid team last weekend. The Frogs had stout support all the way.

Registrar S. W. Hutton and Prof. Woodall Hogan are reported recovering nicely from their recent operation and accident, respectively. Hurry back men.

Dr. Sadler flew to Washington Monday to attend a committee meeting of the Association of American Colleges and a meeting of the American Council on Education. He will return to the University next Monday.

Dean T. Smith McCorkle will speak on "America Lives with Music" at a meeting of the Dallas Music Teachers Association on Saturday.

A history of the Christian churches in Texas is now being published by the TCU Press. The book was written by Colby D. Hall, former dean, who is now teaching Church History in Brite College of the Bible. ✓

Emmet G. Smith and Mrs. Jan Stone were the first to play on the new organ in Robert Carr Chapel. Of course they only blew on the pipes before it was installed in the new building.

CLASSES CHANGE LOCATIONS

Due to the necessary noise connected with building operations on the Student Center, the classes in the administration building are being shifted to rooms which are a little more quiet. If you can't find a class, go to Dean Moore's secretary --- she has a list of all the shifts.
